megacheck OPTIX

TURN THE VEHICLE CHECK-IN SERVICE INTO A NEW BUSINESS

megacheck OPTIX is the quick smart and contactless inspection system for incoming vehicles that will make your work environment more dynamic, with additional services that will guarantee renewed customer trust and secure earnings.

Vehicles / week		Vehicles checked	Needing adjustment	Adjustments sold	Benefits
60 	Traditional inspection	20%	6	3	
	Inspection megacheck OPTIX	100%	30	15	

Accurate and fast NO-CONTACT diagnosis

**COMPLETE
ALIGNMENT
CHECK**

Complete wheel alignment inspection

The system ensures a complete inspection of the wheels geometry in a few seconds, including partial toe-in and steering wheel centring, indicating any irregularities to be corrected. WITHOUT ANY CONTACT with the rims eliminating the need for wheel clamps, targets or sensors

**TOUCH
LESS**

**FULLY
AUTOMATIC**

Fully automatic

megacheck OPTIX is fully automatic, without the need for an operator, thus ensuring effective time savings

Immediate vehicle identification

Each individual vehicle, with its specifications, is automatically recognized thanks to a database updated in real time or through numberplate recognition (optional)

Accurate reports

At the end of the diagnosis, it is possible to share the results directly with the customer, evaluating together any interventions to be carried out with transparent and easy-to-understand reports

Send real-time results to your customers directly via smartphone and tablet or provide printed report.

Useful to support for sales activities, increasing the number of maintenance services carried out and improving customer satisfaction.
